KOSURI NARASIMHA SAI KUMAR

Python Full-Stack Developer

Phone No: +91 7997847720 | **Email:** narasimhasaikumar.kosuri@gmail.com | **Location:** Visakhapatnam, India
LinkedIn: linkedin.com/in/narasimha-sai-kumar-kosuri | **GitHub:** github.com/Nsk-Narasimha

Professional Summary

Dynamic Python Full-Stack Developer with comprehensive experience designing, developing, and deploying end-to-end web applications. Proficient in engineering robust server-side systems using Django while crafting interactive, responsive user interfaces using HTML5, CSS3, and Bootstrap. Adept at creating secure optimizing relational databases, and implementing cloud storage solutions.

Education

Baba Institute of Technology and Science, Visakhapatnam **CGPA: 7.81**
B.Tech in Computer Science and Engineering Aug 2022 – Apr 2026

Skills

Technical Skills

- **Backend Languages:** Python (Advanced, OOP), C
- **Web Frameworks:** Django, FastAPI, Flask
- **Frontend UI:** HTML5, CSS3, JavaScript, Bootstrap
- **Databases:** MySQL

Soft Skills

- Leadership
- Teamwork & Collaboration
- Problem-Solving
- Adaptability

Projects

Exam SaaS Platform – AI Online Examination System **Jan 2026 – Mar 2026**

- Developed a SaaS-based online examination platform using Django, Python, HTML, CSS, and JavaScript.
- Implemented exam creation, role-based access control, and question management modules.
- Created manual test scenarios for exam creation, joining exams, and question submission workflows.
- Executed validation of authentication, exam flow, and user access permissions.

Online Learning Platform **Jun 2025 – Aug 2025**

- Developed a full-stack educational delivery system using Django for core routing and a clean HTML5/CSS3 frontend.
- Implemented user authentication, course management, and enrollment features.
- Built a course catalog featuring categorized learning resources with a clean and user-friendly interface.

Internships

Django Web Development Intern – APSSDC Jun 2025 – Aug 2025

- Programmed secure full-stack modules using Python, Django, and Bootstrap UI widgets for directory profiles.
- Implemented secure user authentication and custom administrative dashboard functionalities.
- Assisted in end-to-end feature testing, bug tracking, and hot-fixing codebase issues.

Full Stack Web Development Intern – Smart Internz May 2024 – Aug 2024

- Contributed full-stack feature architecture to a School Management System leveraging the MERN software stack.
- Integrated structural RESTful API endpoints with React web layers, reducing data delivery intervals by 22%.
- Debugged asynchronous data streams between front and backend environments, eliminating application execution freezes.

Certificates

- Web Development using Django – Verified by APSSDC Certification Registry
- MERN Full Stack Development Specialist – Issued via APSCHE Platform Portfolio
- Machine Learning Framework Foundations – Certified by Aditya University Coursework
